Greeting

We are excited about this new catalogue of Christ for Europe and the ISOM Bible School because 2018 is an anniversary year of 20 years development of training for Christians and churches. In the year 1998, the first ISOM Bible schools began

in southern Germany at Lake Constance. Since then, the ISOM Bible School has spread across Austria, all Germany, Switzerland to many other European countries – and of course worldwide to over 150 nations.

With five semesters, the ISOM Bible School is still one of the best ways to train Christians for ministry and equip them with a strong biblical foundation for their beliefs.

In the last 20 years, the ISOM Bible School has been running in many hundred places in every federal state of Germany. In the meantime we were able to start Bible schools in 20 languages. You can find about the available languages on pages 12 – 13.

In the last seven years we have developed a Bachelor's and Master's program, which today consists of 13 strong modules with a wide range of topics. You find these modules explained in more detail on pages 14 – 27.

If you have always wanted to attend a Bible School, but did not have the time, the means or the chance, then you have now with ISOM the opportunity to study directly on site where you live and work – whether in a group or as a single student. We look forward to helping you.

We wish you a lot of inspiration and blessing while reading this catalogue.

A Bible School Where You Live!

The International School of Ministry (ISOM Bible School) was founded in the 90-ties by the South African Dr. Berin Gilfillan with the vision to train Christians where they live and work in their own native language – with many of the best teachers in the world.

To fulfill the vision, Dr. Berin Gilfillan invited experienced, recognised leaders to teach their most important messages as courses in front of a camera in English, while at the same time translating them into Spanish. This bilingual format creates the temporal gaps to translate the courses of the ISOM Bible School into any language in the world. For each semester, student workbooks were developed, containing the contents of each lesson with Bible passages, as well as homework assignments and questions about group studies to deepen the learning.

The strength of the ISOM Bible School is its great flexibility as it can be carried out at any place and at any time, with one, two or twenty students. Another strength is that 95% of all Christians can afford this Bible school financially and do it in time. The Bible school costs only 200 Euro per Semester for individual students (and couples) and for groups of two or more students only 70 Euro per student and semester. Every week two lessons should be studied, which takes about 3 – 4 hours, which anyone can manage.

Dr. Berin Gilfillan has described the vision of the ISOM Bible School in his book "Unlocking the Abraham Promise". The vision is to lead Christians and churches from growth by addition to growth by multiplication, as God has promised Abraham. This is done by training disciples of Jesus and new leaders. The ISOM Bible School helps Christians and

churches to grow spiritually and to fulfill their calling. This is done by:

1. Each church becoming a training centre for ministry.
2. Each Christian receiving systematic training as a disciple of Jesus.

The Bible School is very easy to start, and can be held in the rooms of the church or as small groups in houses. A good start is to order the Semester 1 package for only 200 Euro in your desired language and to present the Bible school, for example, one evening or morning to all interested. Our experience is that many Christians have long waited for such a Bible school, so they are ready to become students of the ISOM Bible School.

We take care of our Bible schools all the way to graduation so that they are never left alone with their studies. Please let us know if you have any questions after you have studied this catalogue.

We look forward to hearing from you and to the start of your Bible school!

Abundant blessings,

Markus Rapp

Steps to Your Own Bible School

An ISOM Bible school can be started at any time of the year at any place. We recommend, however, for churches to start in the autumn (after the summer holidays) or spring at the beginning of the year. This way you can study two semesters per year and finish with one semester before the holidays.

Steps to successfully start a Bible school:

1. Order the semester 1 package to be able to present the Bible school to all interested people.
2. Offer an info event where you will present the ISOM Bible School by showing a DVD lesson and the student workbook.
3. Select a central location for the Bible school. The church rooms are ideal, but the school can also be run decentralised in house groups.
4. Decide who should be the leader and co-leader of the Bible School. For

churches it is ideal if the pastor leads the Bible School for the first five semesters.

5. Make the ISOM school known in the church service and on the website. Distribute info flyers and student registration forms.
6. Select the day of the week at which the Bible School is to be held every weekday together with the registered students. Publish the dates of the semester.
7. Announce the deadline for registration and the beginning of the Bible school semester. Submit all registration forms for the students with us.
8. Collect the tuition fees of 70 Euro per student and semester before the beginning of the Bible school. Order the required student workbooks from us. We will send you all the materials within 3 to 5 working days with invoice, which you can pay via bank transfer.

Tuition Fees of the ISOM Bible School:

The tuition fees of the ISOM Bible School are very affordable, which is only possible through the multimedia structure of the school with DVD courses. A tip: if there are students who need financial support, we recommend that you sponsor students with 30 – 50 % of the tuition fee.

Prices for semesters 1 to 5

(For each of the semesters 1 to 5 packages)

Individuals	200 Euro

Training of Christians in Many Languages!

Because the ISOM Bible School was recorded in a bilingual format, it provides an excellent opportunity to start Bible schools in different languages. The courses come always in two languages. For example: English-German, English-French, English-Russian and so on.

We work together with churches that sometimes have different Bible schools in German, Spanish, Romanian, Turkish, Farsi for different language groups of Christians in the same church. You can train together in groups or also train individual believers through ISOM.

You can also partner with us to establish Bible schools in Africa, the Middle East or other countries in Europe or for the training of refugees in Farsi or Arabic. The possibilities are unlimited.

The teaching language of the ISOM Bible School is English plus a second language of your choice. In the last 20 years the ISOM Bible School was translated into the 70 of the most frequently spoken languages in the world. The prices for the students are the same for all languages. However, prices in other countries may be different.

The following languages are directly available through our office:

Express Versions of the ISOM Bible School

A great progress and advantage for the implementation of ISOM Bible Schools has been the development of express versions in different languages. In the case of express versions, the English language has been cut out, so that for example in German express a lesson takes only 25 to 30 minutes only in German instead of 55-60 minutes in English-German. This has many advantages and gives more time for group study, prayer for each other and practical application of the learned. We recommend that you use express versions when they are available in your language.

EXPRESS versions exist in the following languages:

- | | |
|------------|---------------|
| 1. Dutch | 6. Japanese |
| 2. English | 7. Mandarin |
| 3. German | 8. Portuguese |
| 4. Hindi | 9. Spanish |

Use the ISOM Bible School to train Christians in many languages where they live!

Bachelor's & Master's Program of the ISOM Bible School

After the five semesters, the ISOM students have the possibility to continue their studies and get a Bachelor's and Master's degree. This is a very valuable deepening of the previously learned and gives a much broader basis for understanding the Bible and of training for lifelong ministry.

The Bachelor's and Master's program currently consists of 13 modules, which also come with DVD courses and student workbooks. For the Bachelor's degree five additional modules have to be studied, which can be selected from the 13 modules.

For the Master's degree an additional three modules have to be selected and studied on top of the five Bachelor's modules. For the Master's degree additional study requirements must be met: For each of the three Master's modules students have to select and read three books and write a book report with 3 to 5 pages per book, as well as

write a 35-page thesis on a topic of the students choice, that reflects his or her area of calling and interest.

Bachelor's degree: 5 semesters + 5 modules

Master's degree: Bachelor + 3 modules + 9 books + 35-page thesis

We encourage every Bible student to continue studying with ISOM after the five Semesters, because the modules are build upon the five Semesters and broaden the Biblical foundations and deepen the training for ministry. Many churches and Bible students are already in the Bachelor's and Master's program and are excited about the quality and depth of the modules. Continued studying also builds the habit of lifelong learning. In addition, the master thesis is a real capstone of the entire journey of studies and makes your own calling clearer and firmer.

Our diplomas come from Vision International University (VIU) or from Christian Leadership University (CLU). Both institutions are internationally recognised. A further study and an acceptance of ISOM credits with other Christian schools are also possible.

Spiritual Intimacy Module

About the Teacher

Dr. Mark Virkler is founder and president of Christian Leadership University (CLU), which is in a close partnership with ISOM. He is the author of over 60 books. The aim of the courses of his university is to support Christians in the growth of an intimate relationship with the Holy Spirit. Through these courses you will learn very practically how to receive personal wisdom and revelation from God, and how to put into action what you have learned.

About the Module

The “Spiritual Intimacy module” is based on learning to hear God’s voice for all important issues of life and to write these things down and practically implement them. These five courses strongly promote a close relationship with God, which starts with course 1, the clear hearing of the voice of God. You will learn about dream interpretation, how to live naturally supernatural and to receive spirit-anointed teaching and inner healing from God. This is a very practical and intensive module.

Course 1

Hearing God’s Voice

In this course, Mark Virkler teaches how every Christian in four steps can learn to hear the voice of God every day. After each lesson, there is an exercise to listen to God for an answer about a specific question the students might have.

Frequently Asked Questions about the ISOM Bible School

Here is an overview of the most frequently asked questions with some short answers. If you have any additional questions please feel free to contact us. We are happy to answer your questions about the ISOM Bible School.
Email: info@isddbibelschule.de
Phone: +49 (0) 33398 – 918 771

Question 1: How much time does the Bible school require per week?

The Bible school requires 3 to 4 hours per week. This includes a study evening where two lessons weekly are studied, plus the time for homework, which is 30 minutes. Thus, the Bible School is ideal and also suited for busy people with work and family.

Question 2: How long do the 5 semesters of the Bible school take?

We recommend to study two lessons per week. Each Semester consists of 32 lessons, so that one semester with two exams takes a total of 4 months. During the holidays most ISOM Bible schools do not study, so that two semesters will be finished per year. All five semesters can be completed in 24 to 30 months, which is 2 to 2 ½ years.

Question 3: Can students also get started into semesters later?

This is possible in semesters 1 and 2. After that, it doesn't make sense anymore. One missing semester can be repeated later but not more. It is optimal if a church starts a new group with semester 1 every one to two years. This is where new students can start.

Question 4: What is the recognition of the ISOM Bible School in German-speaking nations?

In general, all international degrees in Germany (Bachelor or Master) are not recognized by state universities and the government. Our diplomas are internationally accredited and recognised, but are evaluated and acknowledged by other Bible schools and theological free-church schools to different degrees. But we have many missionaries in countries worldwide, where governments have recognised the diplomas, which is often very helpful.

Question 5: What shall we do if we don't like a course or a teacher?

The Bible School was planned systematically with much prayer. Even so, it may happen that you don't like a teacher or a course. It is good to then ask, "Why was this course placed in the curriculum? What can be the result of this course in the lives of students?" Our experience is that you can learn a lot from every course with a humble attitude.

Question 6: Can we also choose a bachelor module in between?

This is possible, but only after the first two semesters. We however do not recommend that you bring forward bachelor modules, because the five semesters build a comprehensive basis for the ministry and life of the church. The bachelor modules are a level above the semesters and present deeper and broader topics. Let us know if you have questions regarding this. An exception is the insertion of the Cleansing Stream Module between the semesters, where the whole church can participate and greatly profit.

Question 7: What is the minimum age for students in the Bible school?

There is no minimum age. Our youngest students are 12 years old and the oldest students over 80 years. The important question is whether the spiritual maturity and the spiritual hunger is present in the life of the person. This is something independent of age.

Question 8: What if students do not want to take part in the exams?

This is possible if the student does not want to have a diploma. However, the exams are a helpful and important part of the school as they are a motivational aid to learning as well as a test, whether the learned was understood. The tests motivate students to stay with discipline at the school and are not difficult if the student has participated in the courses and has done the homework.

Question 9: Are there any special prices if someone does not have enough money?

We are unable to offer special rates, as our prices are already calculated as low as possible. What we do in individual cases however, is to allow the total bill for a semester to be paid in two instalments. The best thing is if the church partially sponsors serious students who don't have enough money. However, we have a special price for refugees of 35 euro (50 %) per semester.

Question 10: Can foreign language students study with German-speaking students?

This is possible if bilingual DVD courses and no Express version is used, like English-German. But it takes more time per lesson, because language barriers need to be bridged. If more Christians from another language group are present in the church, it makes sense to offer another Bible school in this language, such as: Spanish, Farsi or Russian, etc. As a rule, we recommend churches to use the DVD Express versions if they are available!

Comments of participants about the Bible School

"I had the desire to study God's word deeper. On my search I found information on the Internet about the ISOM Bible School. Today this school is a great blessing for my life and our church where we equip and train our leaders and members through ISOM."
Jose Montas, Pastor

"We are pleased that you are interested in the ISOM Bible School. For over 10 years we work in our church successfully with the ISOM Bible School. It is a discipleship program for the whole church. Everyone can join in! We see growth in the members and discover vocations, which can be used in ministry. Training by ISOM is a fantastic opportunity for any church."
Zoltán Balogh and Irmgard Kristanell, Pastors

15 Tips for Conducting the Bible School

1. Prepare the Bible school prayerfully by looking at the two lessons in the workbook and by reading the questions for group study, which will be studied at the next meeting.
2. The following should be prepared for the Bible school evening:
 - Opening prayer and one or two songs at the beginning.
 - Some questions you want to ask the students (about the two lessons).
 - Encouraging words for the students, as well as tips for practical application.
 - Drinks and small snacks for the break (alternative: everyone brings something).
3. The course of a meeting can look something like this (with Express version):
 - Welcome, prayer, short praise (10 minutes)
 - Review of homework from the last time (10 minutes)
 - View the first lesson of the meeting (30 minutes)
 - Time for group study and prayer (20 minutes)
 - Short break, view second lesson (30 minutes)
 - Time for group study and prayer (20 minutes)
 - Concluding with an encouraging word
4. Make sure that the students can sit comfortably, preferably at a table where they can put their study workbook and write some notes. The video screen or the TV should be big enough for all to see the teacher.
5. The best time to start an ISOM Bible School is autumn (September or October) or the beginning of the year (for example, February). Then you can start the first semester from September to January. The second semester will take place from February until the summer break. After the summer holidays you can start with the third semester, until next January, and then semester 4 can start in February, again until the summer break. After that Semester 5 starts.
10. Sometimes preach on Sundays about topics of the Bible school.
11. Also let the house groups study some of the themes of the Bible school. In this way it is possible to allow the whole church to participate in the teaching of the Bible school. This will support the unity of faith and a common vision.
12. Start a new group after one or two years with semester 1 if there are enough interested.
13. Advertise the school anew in the church.
14. Make the bachelor program known in the church at an early stage, so that after the five semesters many students will be motivated to continue their studies.
15. Make the handover of the diploma a festive service, which is an encouragement for the whole church and where the students can invite their families. This is also a great opportunity to advertise the start of the Bible school with a new group.
16. Recommend one or two books to be read during the semester, which can be studied voluntarily and which you want to emphasise in the church. In semester 3, all students receive the book of Berin Gilfillan "Unlocking the Abraham Promise" for free.

Example of an ideal schedule for five semesters, starting in autumn:

Semester 1	September/October to January/February of the following year
Semester 2	January/February to June/July of the year
Semester 3	September/October to January/February of the following year
Semester 4	January/February to June/July of the year
Semester 5	September/October to January/February of the following year

6. Encourage students to do their homework every week and deepen the content of the lessons in the Bible.
7. Encourage students to ask after each lesson: What should I do because of what I have learned? Train doers of the word!
8. Encourage students to be punctual and participate in all meetings. Have a participation list. Encourage to catch up on missed lessons.
9. Create ministry opportunities for students in accordance with their gifts and the subjects of the courses (both inside and outside of the church).

Comments of participants about the Bible school

"After years of different activities the Lord showed us that our church should teach the Word of God again in a systematic manner. We tested some training models with the aim of providing a well-rounded curriculum that would be feasible for as many as possible in our church and decided for the ISOM Bible School. The curriculum allows for a flexible training, so that we could offer for almost 40 participants classes in the morning and evening, as well as on different days. ISOM has become a rich blessing for the participants and for our church."

Friedel Zwahlen, Freie Christengemeinde Wetzikon

"The ISOM Bible School that we are successfully using in our church, conveys Biblical and healthy teaching that gives our participants a solid knowledge of the Bible. The ISOM Bible School gives each church, regardless of their size, an ideal possibility to teach the church members in an appealing way key biblical truths and to train them for ministry in the church and for building the Kingdom of God. I recommend this school every church with all my heart."

Michael Kaizik, Pastor, Christus Centrum Neumünster

Multiplication – The Vision of the ISOM Bible School

In the 90-ties, Dr. Berin Gilfillan thought about the reasons why most churches worldwide grow only by addition, whereas God has promised growth through multiplication. Through intensive Bible study, the Lord showed him that we as Christians are heirs of the promise of God to Abraham and that for the fulfillment of the promise there exists always a human and a divine part.

Berin Gilfillan has discussed this in detail in his book "Unlocking the Abraham Promise – 7 keys to multiplication", wherein at the same time the vision and history of the ISOM Bible School is laid out. When we do our part as a church, to equip Christians as God's good seed in the Word of God, then God will do his part, and this is to multiply disciples of Jesus as well as leaders and churches – so that we become as numerous as the stars in the sky and the sand by the sea.

Jesus assured us that every Christian can multiply 30-, 60- and 100-fold, if we receive his word in our heart and then implement it in our lives. For this purpose, the ISOM Bible School was developed, to train Christians for much fruit so that they can fulfill their calling from God.

God's purpose for the church is to be a training centre of Christians for ministry to spread God's kingdom in the world. The task of good shepherds (pastors and leaders) is to nourish the entrusted sheep through good teaching and discipleship (John 21:15-17).

This is done by creating space and structures that allows Christians to be trained for ministry. In this way we work together with the Holy Spirit in seven key areas, which God has promised to multiply for the growth of his kingdom in the world. If we do our part, then God will in a supernatural way do his part.

God wants to work in these areas of multiplication:

- 1) Multiplication of **God's word**
- 2) Multiplication of **disciples of Jesus**
- 3) Multiplication of **leaders**
- 4) Multiplication of **anointing**
- 5) Multiplication of **churches**

When the church is trained in the word of God it comes to two other effects of multiplication:

- 6) Multiplication of **unity**
- 7) Multiplication of **resources**

We recommend to read the book of Berin Gilfillan on this subject to learn how God has planned to build the church and to spread his kingdom in the world. The ISOM Bible School helps doing our part so that God can do his part in all these areas.
