**„Before any conversation of faith stands the interest in other people. To understand him, I must first make the journey to him and learn about his culture, the language and way of life.“**

Marco Schnell was administrative and ritually accompanied from January 2 spiritually accompanied, from January 2010 until December 2011, at first by the „Offensive junger Christen e.V.“ and during the second year by the EMG e.V., during his stay abroad and studies in South America.

His two-year stay in Argentina and Chile served to enhance the culture, language, and getting to know the faith of both countries, and to check whether his heart-project „School of Life for young People“ was feasible there.

For this purpose he studied Cordoba (Argentina) at the EMPI Mission School Mission and Church foundation.“ The studies were accompanied by various internships in different communities in Cordoba, in La Serena (Chile), in the Argentinean Chaco and Christian community „Kairos“ in Boenos Aires, which are missionary services, and their practical application in the community.

At the same time God gave him as a gift for the planned discipleship-project several like-minded people from Cordoba so that a joint project planning was created. Unfortunately, it was not possible to make a decision on the project planning to realize the project. Marco returned to Germany after completing his studies in 2011.
